## Associated Action Reports

DataID: 0702197

Date: 3/27/2014	Time: 10:59	
Duty Officer/Responder Name: T.Nguyen	NRC Report #: 1077856	Hotline Log DataID: 1556593
Action Information		
<p><b>Description:</b> Received the NRC#1077856 at 17:40 hour on 3/26; duty OSC called and talked to [REDACTED] (caller, [REDACTED]) and later his wife Joanne. Ms [REDACTED] indicated that during the flood two weeks ago, an oil tank owned by Savanah Oil located adjacent to their property flipped over and spilled crude oil onto their land including area with trees, grass and 4-mile Creek, which runs into Missouri River about 1/4 mile away. Joanne also indicated that she observed the Savanah oil's cleanup crew worked on cleaning up nearby area but not on their property. Ms. [REDACTED] noticed that reddish color with crude oil smell in the Creek and water level in the Creek raised during the last few days and no crew seen to cleanup on their property. At 18:10 hour, OSC called Savanah Oil ([REDACTED]). Mike told the OSC that Savanah Oil has conducted the site cleanup in the past week with an oversight from MT OGC, Fish and Games and DEQ; and EPA OSC [REDACTED] also involved with the cleanup oversight (See NRC# 1077349). Mike also said that this morning (3/26/14), his foreman, Trench Bownmen came to meet with [REDACTED] and walked with them to asses the spilled area in preparing for the cleanup. He said that the [REDACTED] did not please with his foreman's cleanup plan. Duty OSC instructed [REDACTED] going to meet with the [REDACTED] tomorrow morning (3/27/14) to discuss and develop a consent cleanup plan with the property owner and Mike agreed. Duty OSC also called OSC [REDACTED] to inform her the situation. Joyel indicated that she still continues to ovesee the site cleanup and agreed to followup on this.</p>
